A Group of Individuals

The 1983 Aberjona represents a major change in the traditional Winchester High School yearbooks. The larger size, the Student Life section, and the new layout styles, are some of the differences which set this edition apart from those in the past. With the help of these changes, the Aberjona staff has tried to capture in the unique style of the book, the unique nature of the Class of 1983.

This year's graduating class is made up of many different kinds of individuals who value their identities.

Although our life-style as students are widely varied, because we have been together as a class for three years, we have shared many of the same experiences and have learned to work together when the need arises.

As we leave school and move on in separate ways, we will always have with us the memories and the ability to successfully get along with others while maintaining a sense of individuality, that we have attained through our years at Winchester High and that we have attempted to preserve in this book.

Winchester,

One factor tying us all together besides the high school, is Winchester itself. Its various areas of schools, playgrounds and residences hold for us all many memories that we do not wish to part with after we leave the high school and the town. The "center", with its small boutique-type stores and cozy little restaurants provide a familiar setting which we often frequent. Although we sometimes complain about the lack of commercial establishments and "exciting" places, the town for us will always provide pleasant memories.

W.H.S. Style

Whether it's a Western, Vogue, casual, preppy, or conservative style, everyone has a different way of dressing and W.H.S. has a wide variety of clothing styles. For girls' fashions, the Western look, with boots and bandanas, the preppy look, with button-down shirts and chinos, or the daring punk look, with mini skirts and leg warmers, are popular.

The fashion-minded boys dress in their "Sweet Orr" gym pants, rugby shirts, overalls or in the classic oxford shirts and chinos.

The latest fashion for both girls and boys is ear-piercing — the girls double-piercing one or both ears, and the boys piercing one of their ears.

All Work and No Play . . .

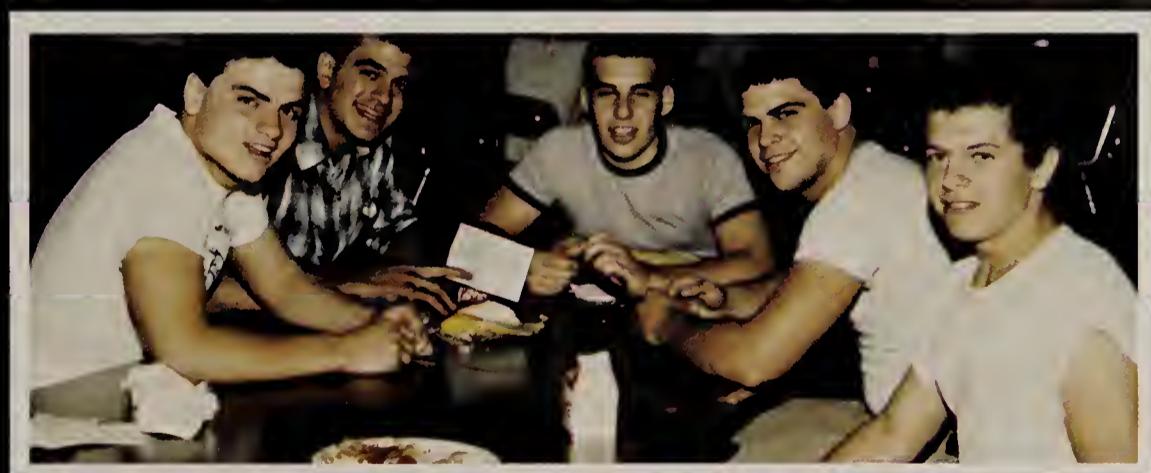

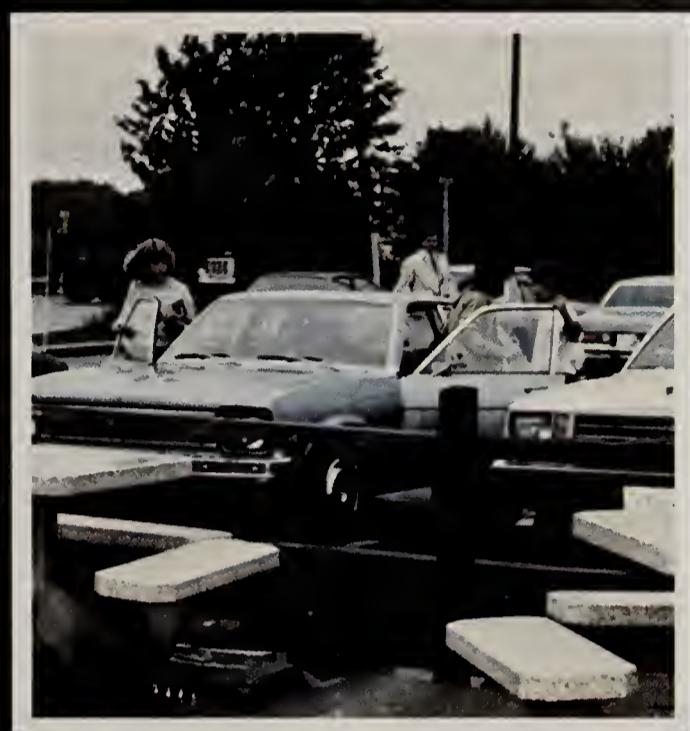

Student life is not all fun and games. Many students hold jobs outside school. People work at everything from scooping ice cream at Baskin and Robins to mowing lawns for the town and unfortunately Friday and Saturday night fun must sometimes be sacrificed to make a few extra dollars. As well as providing some income, jobs give students the opportunity to meet new people and make new friends.

Let's Munch!

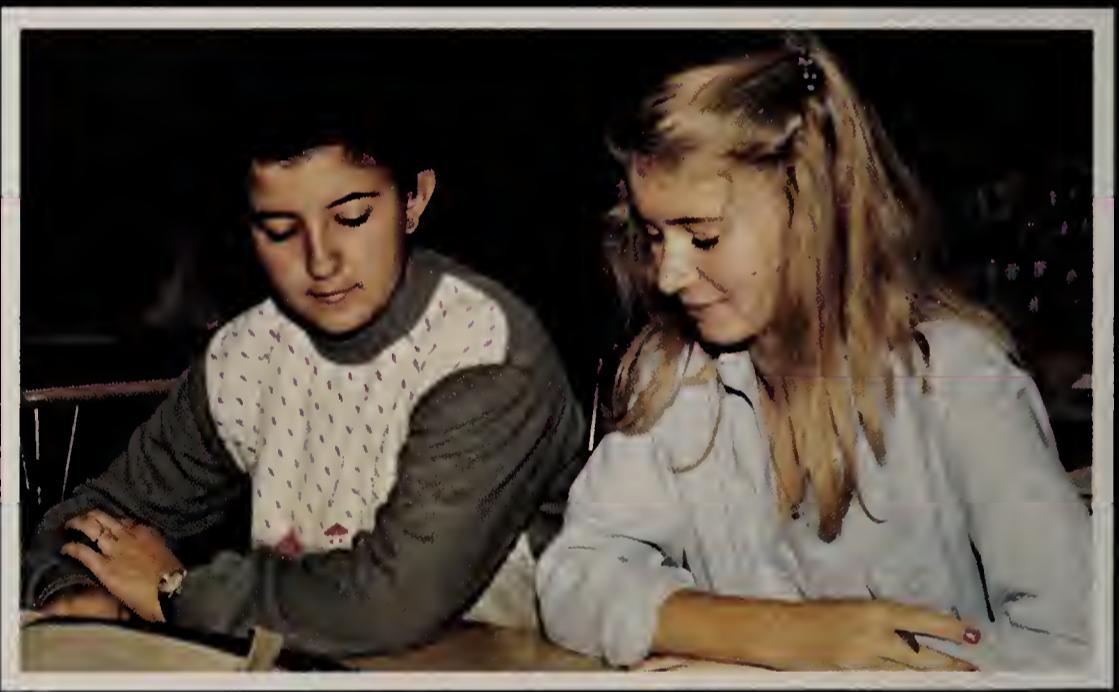

Lunch, the highpoint of many students' day, is not always a pleasant experience in the W.H.S. cafeteria. For the Juniors and Seniors with their licenses and a car at hand, this is no problem. McDonald's, Bill and Bob's, and Papa Gino's are some favorite lunch spots. Even the Freshmen and the Sophmores can eat out because Carl's and White Hen are within walking distance. All is not lost, however, for the many students who decide to stick it out in the cafeteria with either the school food or lunches from home, since now they can eat to the beat of their favorite radio station.

Making The Grade

Whether we are aiming for an Ivy League college or just trying to pass a course, studying in some capacity is a task all of us must do. After attending classes many of us choose to use our studies to relax and visit with friends, or to get our homework out of the way in the library or in the open areas.

Weekends!

An important part of Student Life is the weekend. Come Friday afternoon, restlessness and anticipation are two common emotions experienced by Winchester High School students. The school week is over and the time for relaxation and fun begins. Friday, Saturday, and Sunday are the three days students have to enjoy whatever they wish. Some of the different ways students spend their weekend time include: Attending an occasional night football game, going to the movies or going out to dinner with friends, cheering at the Saturday football games or soccer games, going to the Rocky Horror Picture Show, going shopping, and of course, attending those crazy Winchester house parties!

Sachem Pride

Although we all have many varied and different interests, Sachem pride is something we all share. Our pride is shown in a multitude of ways from clothing to bumper stickers to mugs; all of which have the familiar red and black color and the Sachem emblem.

An Inspiration

The world of Kevin Feeney changed drastically just two weeks before the start of senior year. Kevin suffered a severe spinal cord injury as a result of an automobile accident. Initially the doctors reported that Kevin would never walk again. But with hard work, faith in God, courage and determination, Kevin is walking. In appreciation for providing us with a miracle that has been truly inspirational, we dedicate our yearbook to you — Kevin Feeney.

Suddenly my world's gone and changed its face.
But I still know where I'm going.
I have had my mind spun around in space,
Yet I've watched it growing.
And, oh, if you're listening, God please don't make
it hard to know if we should
Believe the things that we see,
Tell us should we try to stay or should We run
away.
Or would it be better just to let things Be?

Living here in this brand new world might
Be a fantasy,
But it's taught me to love, so it's real
To me.
And I've learned that we must look inside
Our hearts to find a world full of love
Like mine, Like yours

If you believe
Within your heart you'll Know
that no one can change
The path that you must go.

Believe in yourself right from the start,
Believe in the magic that's inside your Heart
Believe all these things
Not because I told you to,

But believe in yourself
If you believe in yourself,
Just believe in yourself
as I believe in you

SENIORS

IT TAKES ALL TYPES!

The class of 1983 entered the high school as sophomores unsure of their new surroundings. And because of the closing of Lynch, it was the first year that there was a freshman class. Thus, the freshman and sophomore classes created one big "freshman class" — causing confusion, crowded hallways, and more unknown faces. Yet, we overcame this and were soon recognized as one class — the class of 1983. Socially, our sophomore year was one mainly for getting to know various cliques from Lynch or McCall. We had to accept one another's different personalities which forced us to learn together about the people in our class. Academically, it was the first time we were faced with the pressure of college. Everything we did while sophomores seemed to go on our college records. We were soon looking forward to the end of classes and our first year of high school ended with a day in the sun at Good Harbor Beach.

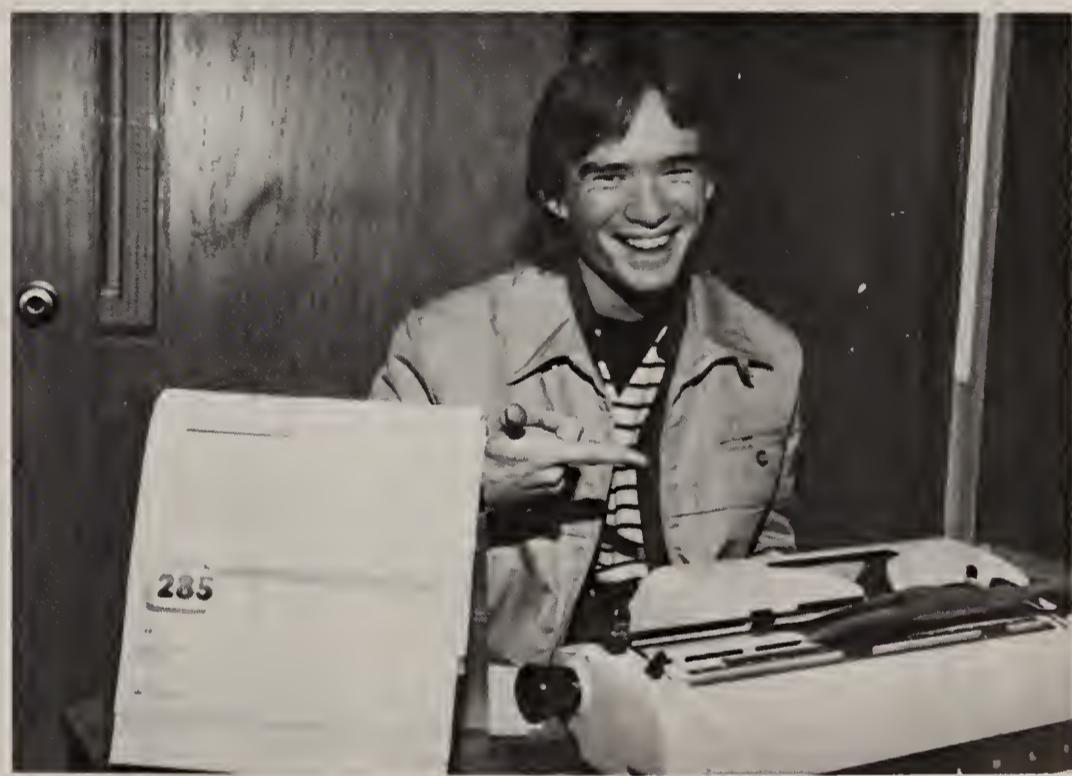

Our Junior year seemed to fly by. College was the word that began to haunt us. SAT's, interviews, and grades became number one in our minds. Although we were still known for our groups, we were beginning to recognize the individual and break away from our separate cliques. We were no longer known as Lynchies or McCallites, just friends. The Junior Prom became the event of the year and a prelude to what was to come in our senior year, and we were ready for it!

The beginning of our Senior Year was both awkward and exciting. For the first time in three years we were on the top. As seniors we shared many things together — both happy and sad. There were smiles and tears; memories were made that will not be forgotten. It seemed that this was the first year we became a united class. As we prepared for college, we realized how important individuality was. We will not be going to college in groups, it will be each person for his or herself. Our high school years were full of ups and downs, sharing and caring — they were years of preparation. We are now prepared and confident that we, as individuals will succeed.

UNDERCLASSMEN

JUNIORS

The Class of '84 entered the Winchester High School this year with apprehension amidst excitement. There were many new challenges which had to be met and the junior class overcame them with class and style.

In October, the juniors arrived in the early morning hours at the high school with two #2 pencils to take the PSAT's. When they finished the two hour test, it was promptly forgotten until mid-December when they received the test results. These were an indication of what scores the students might receive in May, when they take the SAT's. The SAT's are very important

because it could make the difference between acceptance or refusal from a college the student might apply to.

Many of the juniors now eligible for their drivers license were busily studying the "blue book". Everyone crossed his fingers and wished himself luck when the day came to take the driving test. On the weekends they were seen "cruising around town."

Junior year has been an important one for students involved in athletics. They had a good chance of making the many varsity teams. With the experience gained this year, they will become the major force behind the teams in their senior year.

On December 18, the Class of '84 held a Sadie Hawkins Dance at St. Eulalia's hall. It was a night of music, dancing, and good times to be remembered by many. Without the help of the fundraisers to finance the dance, the event would have been impossible. One of the most successful fundraisers was the sale of Class of '84 T-shirts with everyone's name printed on them.

All the juniors look forward to the Junior Prom coming up in March. Moreover, they look forward to the good times they'll have as seniors and look back with fondness on their junior year.

Bottom right: Got an itch, Chris?

Middle: All smiles.

Above top right: Just relaxin'.

Above top left: What are you smiling about? We had school!

Bottom left: Please don't take this picture!

SOPHOMORES

Having made it through their freshmen year, the Class of '85 returned to school this fall to face the challenges of the sophomore year. The class officers, elected at the close of school last year, led the class in various activities. Many of the students attended their first formal dances: the Soccerball, the Sophomore Semi, and the novel Sophomore Sadie Hawkins.

Sophomores were a vital part of Sachem sports. They were an impressive part of the football team, providing two starters, Brian

Carroll and Scott Binding. These two sophomores made tremendous achievements. Sophomores also made significant contributions to the girls' E-mass Championship Soccer team and the boys' successful soccer team. Not only were they active in sports but also in various clubs around the school. They contributed both their time and energy graciously to provide the support that was needed.

The sophomores also began to feel a little pressure academically as grades and those

who took accelerated courses got the opportunity to get to know the upperclassmen better.

Although academics occupied a lot of their time, the sophomores also had fun on the weekends. They could not drive yet, but the sophomores had their own wild parties. The Upperclassmen are looking forward to the Class of '85's carrying on the Sachem tradition in a high fashion.

Freshmen

The Class of 1986 entered WHS this fall with apprehension and excitement about the High School. Quickly overcoming any fears, however, the Freshmen adjusted well to being WHS students.

By coming to school one day earlier than the other classes, the Freshmen learned the ins and outs of their new school without being accosted by the upperclassmen. They were given an orientation and shown a new slide presentation by the administration. Early in the fall, they elected class officers who made plans for their year. The Freshmen tied the Seniors for first place in the Class Clean-up Day. They, too, looked forward to a Freshmen Semi-Formal towards the end of the year.

Through various sports and activities they were able to meet Upperclassmen while forming closer bonds between classmates. Freshmen contributed to each team and gained experiences for the years to come. Many clubs were eager to see Freshmen at meetings as they provided fresh enthusiasm.

Freshmen also showed their Sachem Spirit by attending sports events and greatly taking part in the band and the new Flag Corps.

All in all, the Class of 1986 had a very successful year at Winchester High School. They hope that their next three years will be as enjoyable as this one.

Top Left: You said there wasn't film in the camera!
Bottom Left: You think you're funny don't you?

Top Right: "We are family!"
Bottom Right: Rough day in the life of a freshman.

To the Class of '83:

Each year it becomes more difficult to write a meaningful statement to a class. Each succeeding year seems to indicate to me that young people are more cynical and apathetic than the classes of the past, and yet each year, when you talk individually to students, you still find an underlying enthusiasm, optimism and faith that the future will be a bright one.

The questions bothering me are: Why the outward show of cynicism and apathy and yet the underlying sense of optimism? Is it inherent in our nature to respond to the world's ills in a completely critical fashion or is it something we have been taught? Is it a national malaise which forces us constantly to look at the "bad" or to always find bad even in that which we are doing so well?

We are living in times that bear criticism but yet we also live in a time when our achievements far exceed our wrongs. May I simply implore you to start a new movement - a movement which places into perspective the positive aspects of our being - to not be afraid to look to the future with hope, but to make these dreams a reality.

Throughout the 1983 year, the guidance counselors worked steadily directing the students in their abilities to form judgements about their capabilities, interests, and achievements. They aided each student in his course selection and resolved scheduling conflicts to make the year more enjoyable. Often the counselors assisted students in solving personal problems as well. Their abilities to listen and communicate are vitally important to students whether they are seniors or ninth graders. Guidance prepared each class for the future with group oriented programs and individual conferences.

To the hard-working and dedicated members of the guidance department, we the class of 1983 thank you greatly!

LIBRARY

The library is one of the most active places in the school. Although the students use the library for more than "just studying", they do make good use of the extensive collection of resource materials available. The large art history section is used frequently by Humanities students. The library is open before and after school for those students whose schedules are too busy to use the library during the day. The library is also a popular place for students to catch up on the latest social events. Any student who has a study pass or a free period is welcome to use the library.

OFFICE

Without the six professional women who work in the office, Winchester High School could be in a chaotic state. These very busy women are responsible for the effective operation of the school on a day-to-day basis. Mrs. Grueter is the office secretary and its director and coordinator. Mrs. Gardner is Mr. Larocco's private secretary. Mrs. Stevens keeps track of all the money that goes in and out of the school. The Registrar, Mrs. Hayden, tabulates the students' absentees and tardies, and supervises the withdrawal and admission of students leaving and entering school. The receptionist, Mrs. Jacobs, takes telephone calls, types the absentee and announcement sheets, and sells lunch tickets. Mrs. Sullivan, R.N. is in the health room various times during the day to advise students who are ill. Mrs. Sullivan is also responsible for physical education releases.

The Career Life Information Program is now in its seventh year. Although the C.L.I.P. Program was designed for students who were not planning to attend college, we now find that some are choosing to enter technical schools or two-year colleges. The Career Life Program remains the only alternative education program offered at Winchester High School.

CLIP

AID

RESOURCE

AID stands for Alternatives for Individuals Development. This program is run by Mr. Pirani and has helped minimize unexcused absenteeism. Students that continue to cut classes are put on "In-school suspension" under the supervision of Mr. Pirani. This program has worked out fairly well and the number of students that have been suspended has decreased.

Our Resource Room has been following a fairly new philosophy this year. Their purpose is to give additional help in specialized areas to those students who, for one reason or another, find it difficult to learn by the regular methods, or in the regular environment. It seems to please the staff to see the students that they have helped graduate and go on to new and better things.

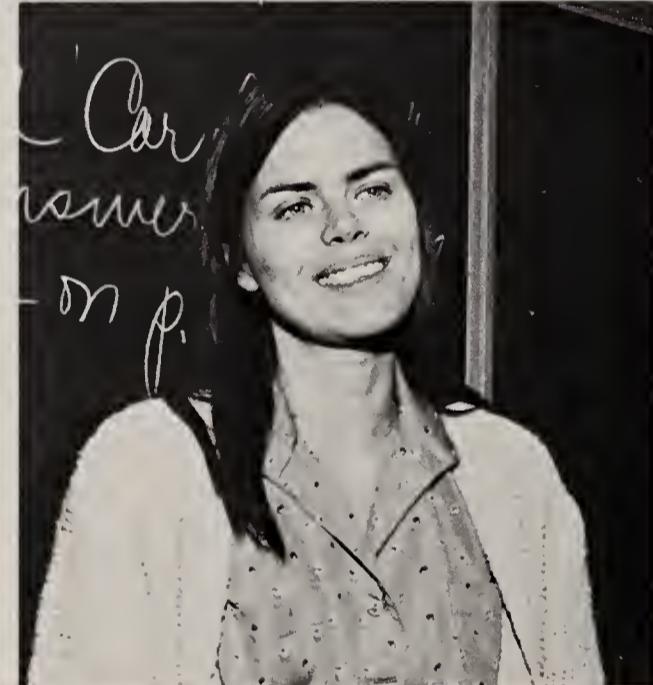

ENGLISH

The goal of the English Department is to help each student develop his potential to communicate and think. Every instructional program in the English Department provides an opportunity for the students and the teacher to interact as they focus on such communication skills as reading, writing, listening, comparing, contrasting, inferring, generalizing, and predicting. Through a variety of approaches to learning, each student has an opportunity to deal with abstractions, develop and test ideas, and bring personal meaning into concrete experiences.

LANGUAGES

"Learn another language, and reach out to the rest of the world." Students at Winchester High School are heeding the call. Many students continue French or Spanish from grade 7 through 12, and cap their high school course with a successful performance on the Advanced Placement exam. German, Italian, and Latin are extremely popular among high school students. Many students study two languages at the same time, and some even take three at once (a scheduling problem, but with motivated students, nothing is impossible.)

Our language clubs and our exchange programs expand our language offerings beyond the classroom and into the world. Languages may be declining in many areas of the country, but here in Winchester they are alive and well.

SCIENCE

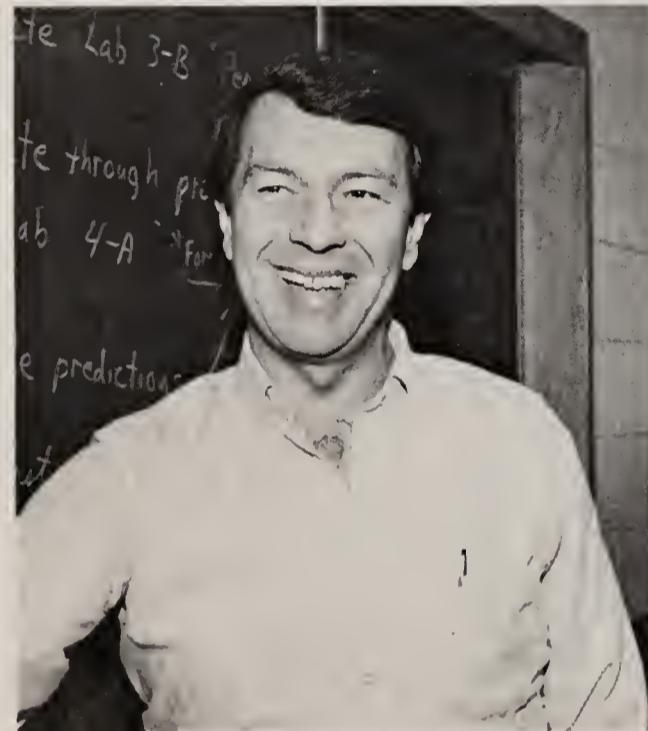

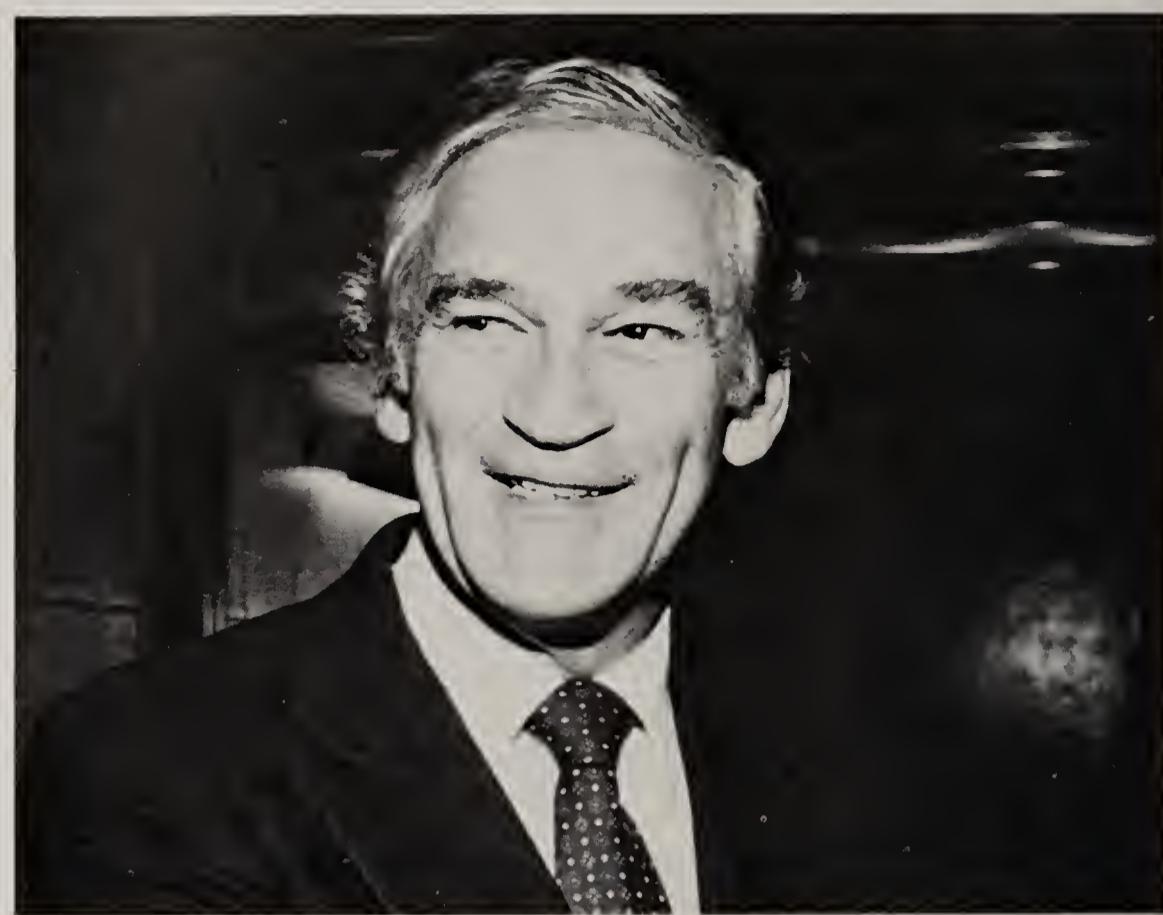

The Winchester Science Program places emphasis on what is called the inquiry approach, which provides opportunities for students to discover key concepts and relationships through hands-on experiences.

Laboratory work provides personal experiences for students. The programs are designed so that important information has to come from the lab, and students are expected to be able to answer questions on the basis of their observations and experiments. The laboratory experiences require much activity of students in a time when many young people lead increasingly passive lives. Most importantly, students find laboratory work fun and that the lab breaks up the seemingly endless pattern of classroom recitation.

MATHEMATICS

Mathematics is called "the Queen of the Sciences", because without it, it would be impossible to pursue any of the other natural or applied sciences — such as Physics, Chemistry, or Biology. It is also basic to other fields like engineering, banking, insurance, and finance. Without a foundation in mathematics, it would be difficult to be a wise consumer in our present day world. At Winchester High School, we offer courses to meet the needs of practically every student — from Basic Math to Calculus — as well as Computer Science to help students excel in a highly technological society.

SOCIAL STUDIES

Social Studies: the department that lists history, geography, economics, political science, psychology, anthropology, and sociology among the disciplines that make up its courses. This is the area that examines the present in the light of the past and projects into the future. Our goal is to build an appreciation of things from the Pleistocene to the Twenty-first century, from the classical to the medieval and to educate the modern student to be a wise consumer, an astute voter, and a citizen knowledgeable about the country and the world.

The Home Economic Department at the Winchester High School seems to be quite popular. Students have the opportunity to work with children ages one to five in the Child Study Program. This program helps the students to understand and observe the physical, mental, social and emotional aspects of growth. We are most interested in helping students gain confidence in life skills which can be used later on in life.

IND. ARTS

Industrial Arts Education is a concentrated and specialized study of technical courses. Students exhibit a wide range of interests, abilities and life goals. The Industrial Arts Program separates courses or instruction within courses that can be pre-vocational for some, technical for others, and pre-professional for still others. It is here where students learn the problems and benefits resulting from the industrial and technological nature of society.

The Business Education Department is helping students keep up with the rapid pace of technology. Around the department you have probably noticed or worked on word processors, memory typewriters, and micro computers. Along with clerical skills, accounting, and business-related courses, many college-bound students have enhanced their skills by taking typewriting courses for personal and professional use.

In addition, a Federal Grant allowed the department to develop a skills lab with emphasis on individualization and career guidance.

SPORTS

Determination and Dedication –

Dalton Trophy!

The great emphasis Winchester High places on sports is evident in the superiority of its teams. Talented athletes and coaches spend countless hours practicing in order to reach their full potential. Each team has a character as individual as its players; yet, all strive toward one common goal — the thrill of victory!

Indeed, our entire school and community tasted the thrill of victory when we were honored with the Division One Ernest Dalton Memorial Trophy. In the past, WHS has been a strong candidate for this annual award, but the 1981-82 sports season was the first time we clinched the trophy. Schools are judged according to the number of sports in which they compete and how they fare in competition. The fact that Winchester High came out on top is not only a reward, but also is an incentive for this year's athletes to continue our tradition of excellence.

The 1981-82 final records were:

Football:	8-2
Girls' Cross-Country:	8-1
Boys' Cross-Country:	7-2
Field Hockey:	2-11-5
Girls' Soccer:	17-1-0
Boys' Soccer:	17-2-3
Girls' Swimming:	7-5-0
Boys' Swimming:	9-1
Girls' Basketball:	15-5
Boys' Basketball:	8-11
Girls' Gymnastics:	4-8
Boys' Gymnastics:	1-8
Hockey:	5-11-2
Girls' Winter Track:	5-1
Boys' Winter Track:	6-2
Wrestling:	12-4-1
Lacrosse:	14-3
Girls' Tennis:	13-2
Boys' Tennis:	12-2
Girls' Spring Track:	7-2
Boys' Spring Track:	8-1

In Appreciation . . .

Over the years, student athletes at Winchester High have come in contact with numerous people. Some of those people made good impressions, others did not. Three men, however, will not be soon forgotten. Each of them left their mark in their own unique way. Unfortunately, the time has come to say good-bye to each of these individuals, for one reason or another. The students here at WHS would like to give these three men recognition and thank them for a job well done. So here's to you — Henry Knowlton, Earl Johnson and Dan Perenick!

On June 20, 1982, Winchester lost a good man and a friend. Henry Knowlton, known to generations of students as "Coach", passed away after a six month battle with cancer. Coach Knowlton left an imprint on many lives, and that imprint will remain for a long time. During his long and illustrious career as the football coach at Winchester High, he built up quite a reputation for himself. It was a reputation that transcended his won and lost totals, which were 170-63-17, and rather, was a testimony of fair play and sportsmanship. As far as Coach Knowlton was concerned, how you played the game was just as important as winning it. If you play the game the right way — hard and yet fair — you will win more than you lose. To Henry Knowlton, it was also important how you won. There had to be a measure of respect for the opponent at all times, and in no way, shape, or form, would you humiliate him. That was Henry Knowlton's way, and as the record indicates, it was an extremely successful way. When he retired in 1974, after 33 years as Athletic Director and football coach at WHS, the town renamed the football field the "Henry T. Knowlton Stadium." Since his retirement, Henry Knowlton remained an integral part of Winchester High athletics. Before his illness, Coach Knowlton was working as trainer at the high school. Henry Knowlton touched the lives of many, and to every one that he came in contact with, he was one of the nicest men they ever met. He loved athletics, but, a greater testimony to the man would be to say that he loved people. He did. They loved him, as well. Coach Knowlton had no enemies — people loved and respected him. He knew how to balance an intensely competitive drive and a heroic modesty. He was a fine example for the many students and athletes he came in contact with. Those of who did come in contact

SACHEM SPIRIT FOREVER...

with him would just like to say good-bye and thank-you, to our friend, Coach Henry Knowlton.

Another individual who coached at Winchester High is Earl Johnson. This fall, however, he will not be taking his usual place on the sidelines at the Sachem football games. After coaching three years at the freshman level and sixteen years at the varsity level, Mr. Johnson recently retired. His services did not go unnoticed, however, as he was elected into the Massachusetts Coaches Association Hall of Fame. It was Mr. Johnson's expert work with both the offensive and defensive lines that won him this tremendous honor. Mr. Johnson enjoyed the experience of teaching football

skills, but he feels that it takes a group effort for there to be success. Earl Johnson did more than his share in that group effort, and it should not go without mention.

One of our fellow peers who also left an impact on Winchester High athletics is Dan Perenick. As a sophomore and junior, Danny helped out in the training room and learned as much as he could. Over this past summer, he became certified as a Student Athletic Trainer after he completed a Cramer course in athletic training. Danny has wrapped an endless number of ankles and he has been a tremendous help to the athletes at WHS. He plans to pursue a career in athletic training, and we would like to wish him the best of luck.

The Dream Comes True

This year the girls' soccer team finally reached their goal — they are the Eastern Massachusetts Champions! This title is proof of their hard work, dedication and talent. The team, led by Coach Chris Scanlon and tri-captains Maria Montuori, Patty Ricciardelli and Karen Rahmeier, had an excellent year. The Sachemettes finished their regular season with a 13-0-1 record to win their fifth consecutive Middlesex League Title. They were ranked number one for most of the season and were seeded fourth in the state tournament, in which they went on to beat Medfield, Duxbury, Wellesley and finally Needham for the state title.

The team consisted of extremely talented athletes which often prompted Coach Scanlon to claim "our second string could beat almost any other team's starters." Mich Powers and All-Scholastic Kim Donlon, the league's high scorers, led the forward line to score 77 goals during the 19 game season. The midfield was usually dominated by Winchester, especially by Paula Russo and All-Scholastic Maria Montuori. The defense also had an impressive season, although they were less publicized than the offense. They allowed only nine goals against them while recording ten shutouts. The Sachemettes defense was controlled by Karen Rahmeier and outstanding goalie Amy Peluso. The spirit and excellent attitude of the whole team was exemplified by seniors Patty Ricciardelli, Kathy Leonard, Karen Twichell, Chris Franchi, and Liz Cullen.

Going Beyond Expectations

"We'll be lucky to end up above .500," said Coach Bouley, "we have no returning starters." The opening game of the season proved otherwise, as tri-captain Chip Triglione made a smashing appearance, scoring a key goal in the 2-1 victory. This game commenced a six game winning streak. Watertown was another great game, with Kevin Scully's hat trick sparking sharp play. The final triumph of the streak was noted by sharp play, such as Jim Feldmann's goal that made the final tally 4-0. With Chip Triglione, Tom Funk and Wells Sampson on the injured list, the team was running sparsely. This was shown in the Belmont game where the team's luck ran out. One beneficial aspect of the loss, however, was that it restored humility to the team. Unfortunately, Lexington won the next game on a disputable last minute goal. The first half of the season ended on a good note, though, with a 6-1 victory over Woburn. The team, at 7-2-0, was already well over the .500 mark and the state tournament was in sight. Following a 2-1 win over Wakefield, defenseman John Schneller and goalie John Shirley led the Sachems to a 6-0 route of Reading. Winchester was only able to manage a tie in their next game, however, as Burlington came on strong. A spectacular comeback was made in Belmont, though, 1-0. The pressure intensified, as the MIAA State Tourney requirements stiffened. After another tragic loss to Lexington, a 2-0 win over Woburn secured the seeding. This provided seniors Chris Guarnotta, James Kirkpatrick, Dan Sullivan and Mike Driscoll with the incentive to get Mohawks for the opening game of the tourney. Roger Baldacci's goal gave the Sachems a big win in that game over Medford, but that's as far as they got. Five of Winchester's players managed to obtain recognition for their fine playing, with Chris Guarnotta, Mike Driscoll, and Mark Herlihy making the All Star team and John Shirley and Ricky Suvak receiving Honorable Mention.

Sachem Spirit Survives

Perseverance was the key to the 1982 Winchester High School football season. The Sachems optimistically faced odds that would have dampened the spirit of a less dedicated squad. Throughout the season, the team was constantly plagued by injuries. Despite the loss of many valuable players, they never let their desire dwindle. Each game provided a challenge that the Sachems met with zest.

Spirit not only flourished on the field, but off as well. Many fans flocked to the games each week to view some extraordinary football. More than once the Sachems pulled out from under the grasp of defeat. Last minute touchdowns frequently provided a thrilling end. Though mediocre in some aspects, the season contained outstanding highlights.

 (Above) And they're off!!

"Bang!" The gun goes off and the crowd begins to cheer.. The runners sprint the initial incline through Lynch en route to a three mile (3.175 miles according to the coaches, much to the disbelief of the runners who repeatedly insist that it is **much** longer) excursion around scenic Horn Pond. This new course, to the relief of the veteran runners, replaced the Highland 'Heartbreak'-Hill course and brought with it a new recruit of freshmen and sophomores. This 'body' depth indeed became essential as injuries to both the girl's and boy's teams eliminated the top runners and forced the younger runners to compete for the top five places. The scoring in a cross country meet is the cumulative points of the top five finishers of each team: the team with the lowest score wins.

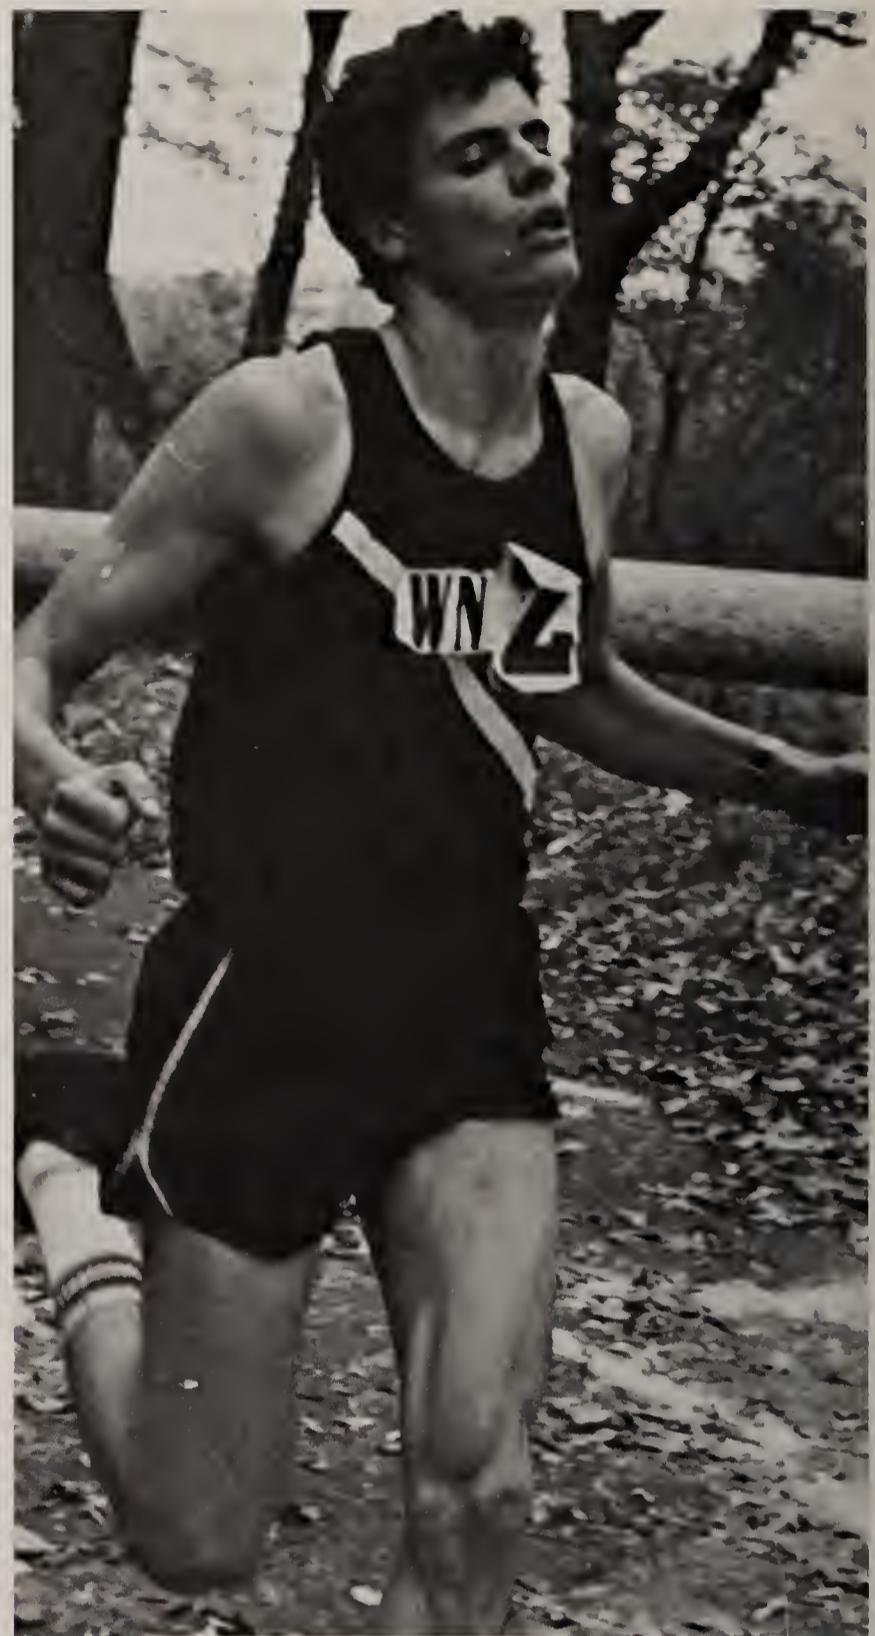

The girl's team, led by Capt. Laura Carlson, finished with a fantastic 7-2 record. This is due to the tremendous effort of the newcomers who took the victory-deciding fourth and fifth finishes. Also crucial, the veteran runners who, despite the loss to injuries of star runners Laurie Glynn, Beth Nowell, and Barbara Ahern, responded and clinched the much-needed first, second and third places. Amongst these are Laura Miller and Diane Aronson and novice runners Heather Innes and Mary-Anne Murray.

The boys were not as fortunate. Although many underclassmen turned out for their first season, they could not compensate for the loss of star runner Bill Derry who sprained his ankle toward the end of the season. As a result, the boys lost a number of close meets and finished with a 3-6 record. Among the top runners are Barry Sircis, the Middlesex League Meet Champion, and Timmy Connolly.

Both teams would like to thank the coaches, Mr. Cantillon and Mr. Maloney for their hard work and dedication which resulted in yet another successful season.

Field Hockey Fights On

The field hockey team might have lacked depth, but it certainly never lacked spirit or talent. The girls displayed excellent sportsmanship during all their games and never let their spirits droop. Judging from the Sachemettes reactions one would never know if they won or lost their game — they were constantly rowdy.

Yet the girls' hard practice was well rewarded. The team not only improved their record from last year, but produced two Middlesex League stars: Sheila Connolly, the team's leading scorer, was named a Middlesex League All-Star. Patty Hudson, who was a key defensive player, also received an Honorable Mention.

The team was led by tri-captains, Beth Miara, Sheila Connolly, and Karen Buckley. Other contributing seniors were: Kim Pierce, Lisa Wiley, Patty Hudson, Caroline Baumann, Arleen Murray, and Louise Nazzaro.

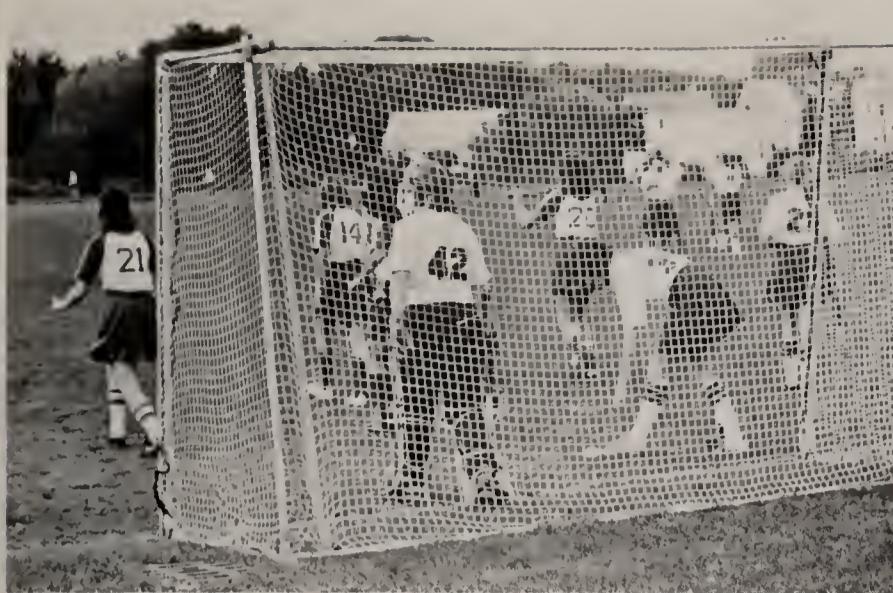

The Sachemettes will always remember the good times: "Circle Up", Penalty Strokes, Camp, Journey & special tunes TPing the soccer teams' houses, getting nailed by Liz & her dog, FeeFee, bumps & bruises, missing the bus, Royal Hawaiian, flat tires, no brakes, Walka Walka and cruising around.

Sachems Come Putting Back

Each sport possesses its own individual character; yet, no team had as unique a personality as the Golf team. Rather than cover-up their less than perfect record, the players openly explained the details of their different season. In the words of one golfer:

"The Golf team went through a rebuilding year this season. This is too bad since it looks like WHS golf will be rebuilding for years to come. The Team's greatest strength was probably its alternate players. Since their matches didn't count, they didn't hurt the team the way the rest of the starters did. Number One man — John Donnellan (2-5) picked the wrong school. At Burlington or Melrose he might have won a match or two at a lower position; but, then again, maybe not. Matt (horror-show) Maryanski (2-5) simply got off to a bad start. Finally, his first victory came against Stoneham; he won by default in a hard-fought victory. Dave Bonner (4-3) served as a model for all long-ball hitters. Despite his losses to TWO GIRLS, he played consistently well all season. Rick Vietch (4-3) who wrote this outstanding article only had one comment about himself: "I thought I should have been all-scholastic." Bill Eaton (3-4) did a good job both in golfing and relieving despair. Bill would bring a small arsenal onto the course and kill tiny woodland creatures for the amusement of the other players. Robert DiVincenzo (4-3) got a few signals crossed this year; instead of trying to hit the ball hard, Vert found more pleasure in hitting Dave Bonner hard. Coming off a good year of golfing, Capt. Cubby McGee met bad luck at every match. His biggest disappointment was when a victory slipped through his fingers because "someone" failed to lift the flag from the hole. That someone was Timothy Budrewitz (2-2) whose biggest thrill this season was when he robbed Cubby from a victory. Finally, Sand (who is he) Stanton (could not be calculated) had an interesting season until he decided to work instead. All in all, the Golf team had a good time and Mr. Aversa did a good job as coach."

Splash!

This year's swim team finished its season with an 8-3-0 record. Winning their first three meets, the Sachemettes went undefeated until they faced Belmont. Only temporarily thwarted by this defeat, the girls made an incredible comeback to beat Lexington for the first time in their history.

This year's team was one of the smallest ever, as 5:00 A. M. practices tended to discourage all but the dedicated swimmers. Although they lacked the number and depth of swimmers, their spirit was the key to many of their victories. Led by senior tri-captain Tracy Caulfield and juniors Sheryl Powers and Ann McCann, the Sachemettes out-cheered and out-swam many of their opponents.

The whole team would like to thank Coach Palumbo and his son, Richard, for without them, there would not have been a high school swim team.

League Champs!

The boy's swim team finished the season with an outstanding final record of nine wins and one loss. By defeating arch-rival, Belmont, for the first time in six years, The Sachems won the Middlesex League title after many seasons of second and third place finishes. The team was co-captained by Hugh Murray. The practices (at 4:45 am) were hard, but rewarding, as everyone improved their times. Senior Steve Brosnan improved immensely, as did diver John Doherty. Five school records were broken over the season: Rodney Green in the 100 freestyle and Hugh Murray 200 I.M., 100 backstroke, 200 and 500 freestyle. Excellent job Hugh!! Andy Laats greatly aided the team this season, as did the other freshmen and sophomores. The swimmers also did extremely well in State competition, considering the small number of people on the team.

High Scoring Spirit

Win or lose the Sachems always had staunch supporters, the cheerleaders and tumblettes. These groups placed a great effort into practice and raising school spirit.

Brightening the sideline action, the tumblettes, led by co-captains Stephanie Houlihan and Maryann Driscoll, continually amazed football fans with their incredible stunts. In order to keep in step with the band, the girls faithfully went to early morning practices, determined to perfect their routines. Their efforts were rewarded when they contributed to Miss Miller's spectacular half-time shows.

Regardless of the sport, if it could be livened up the cheerleaders were there. The fall cheerleaders, led by co-captains Lisa Seliba and Andrea Cefali, enthusiastically cheered for nearly every autumn sport. Although most girls favored the traditional excitement of Sachem football games, many were equally interested in the superb soccer teams. Always to be remembered are Friday night toilet papering and dummy burnings — especially the one that included the fire department!

Dividing their time between basketball and hockey games, the winter cheerleaders were always active. Aided by their terrific coach, Miss Sullivan, and co-captains Andrea Cefali and Stephanie Leydon, the girls added many new moves to their standard cheers.

With such dedicated and enthusiastic spirit-raisers, WHS sports teams were always winners!

As the 1982-83 basketball season opened here in Winchester, there was an abundance of question marks concerning the Sachems' hopes for an improvement on their 8-12 record of a year ago. The question foremost in minds of Sachem-hoop fans was whether or not first-year coach Dave "Dean" Smith could blend together the multiple talents of the returning players, with a new 6'7" transfer center, into a cohesive unit, one that could compete with the many talented squads of the Middlesex League.

Starting from scratch, the Sachems practiced hard during the preseason and showed their potential to the coach with overwhelming victories over teams polled above them. Although they lost to powerhouses Wakefield and Lexington, in both contests the games were highly competitive. However, as a result of a loss to Burlington early in the season and a heart-breaking overtime defeat to Woburn, the hoopsters are under pressure to keep their tournament hopes alive; they must win three out of three games. The woburn game could be the deciding factor.

Despite the outcome of this campaign, the hoopsters deserve a lot of credit for pulling together their first winning season in years. The scoring punch was provided by League AllStars Seniors Steve Macdonald whose explosive offense was a welcome surprise to the coach, Mark DeAngelis whose presence intimidated many, and Tim Hoffman who "fed" the ball to the big men underneath and ran their patented fastbreak. The most pleasant surprise was the emergence of Vinny "Take his cash" Pisacreta, who lead the team in steals. John "Stein"

Shirley, who missed a major part of the season due to injury and David Koffman provided front-court help while John Myers, who hit some key, long-ranged jumpers, and Billy Thomas controlled the back-court. The squad was rounded off by Jakob "Cooz" Lewin, Alan Adler, Brian "Hurt Somebody" Mulvaney, and Tim "Totally Confused" Conley, along with Josh Keller, all of whom will be returning next winter.

Girls Shoot For Experience

Compared to last year's tournament bound team, the girls' basketball team had a disappointing season, having graduated a lot of height and experience. Although the record was not positive, the attitude and dedication remained solid throughout the season. Led by Co-Captains Maria Montuori and Becky Budrewicz, along with Seniors Kim Pierce, Laura Carlson, and Sandy Jordan, the team underwent a rebuilding year. With the returning players power forward Kristen McNamara and up and coming stars Karen Serieka and Patty Taylor, the team should improve its record. Sophmores Ellen Clavin, Barbara Delaney, Mary Pat Furey and Mich Powers have gained a lot of experience that should carry them over into an improved season next year.

The team would like to thank the coach, Mr. DiSarcina for staying by their side throughout the highs and lows of the season and for never giving up.

Overall, the team experienced many memories which they shall never forget such as: R.C., Qui, Deness of Aquiness, imitations, Val, Dennis' famous play, basics, "itch", bobsey twins, trips, Kristen's outfits, Daily Times headlines, "the end of the bench, 1/2 game, and . . . Never Give Up!!!

Tumblers Turn Triumphant

If the Girls' Varsity Gymnastics team did only one thing this year it was to improve. They bounced from the 1982 losing year, to share a second place standing in the Middlesex league in 1983. This success can be attributed to their dedication and talent.

Outstanding upperclassmen provided the team's backbone. Performing on beam, vault, and bars, co-captain Stephanie Houllahan was the team's second leading scorer. Senior Lori Getson did well in both floor and beam events. Co-captain Liz Rowley, a junior, doubled on bars and vault. Despite a knee injury, Maryann Driscoll was able to compete on the vault. Solid beam routines were consistently performed by Danya Reich. Winchester's strength in the floor competition was largely due to Cathy Skahan, who placed sixth in the league in this event.

Much of the team's strength lay in its younger members. Pam Getson, an all-round sophomore, competed successfully in all four events and was the team's highest scorer. Judging from the excellent performances of these gymnasts, Coach Saunders looks forward to another rewarding season next year.

Wrestlers Rewarded

The level of excellency attained by the 1983 wrestlers is evident in their final record. This dedicated group of athletes combined effort and practice in order to surface as one of the league's best teams. Following the example of captain Roger Baldacci, many struggled to maintain a low weight in order to compete in a certain class. Wrestling in the 100 pound division, Roger proved himself to be the team's most outstanding member. Seniors Tom Funk, John Metzorian, Chris Byrne, and a number of outstanding underclassmen all made possible the decisive victories over Belmont, Melrose, and the league rival, Woburn.

Skating on Thin Ice

The hockey team was dedicated and hardworking; their final record is very deceiving. Due to the unavailability of ice time, the pucksters practiced long hours early in the morning and sometimes late at night. Many of the underclassmen had never played varsity hockey before and some of the seniors hadn't seen too much action also.

The pucksters were led through opposing battlelines by captains, Robert DiVincenzo, Eric Donaghey and Larry Maida. The team also benefitted from the contributions of seniors, Jim Coppins, Rick Corby, Edmund Ferullo and Scott Gediman.

Despite the team's shortcomings, it was a fun season and a good learning experience for next year's squad.

Girls Out Run Their Opponents

This year's girls' track team turned in a surprising 4-2 record, which was good enough for a second place finish. Led by captains Shelia Connolly and Karen Twichell, the Sachemettes provided their fans with several exciting meets. Two of these meets went down to the last event, and the relay team of Connolly, Janet Weylman, Liz Doherty and Laura Weylman pulled off the victory both times. The victories, however, were the result of individual efforts in each event. Providing the experience in all the events and leading the way throughout the season were seniors Connolly, Twichell, Caryn Guarino, Barbara O'Leary, Chris Franchi, Marilyn Mueller, Maria Doocey, Julie O'Callaghan, Michelle Dickson and Kathy Leonard. FOR THE FUN OF IT!

The town of Winchester, outside of school functions and sports, offers little entertainment for high school students. A favorite phrase on Friday nights is, "There's nothing to do!" People, however, always seem to come up with someplace to go. Cruising and hanging around at White Hen are two favorite activities. The few parties are also big hits. Faneuil Hall, movies, concerts and restaurants are also options for students who want a little more excitement. Whether students stay home, cruise around or go into Boston, the weekends are always fun and entertaining times.

ACTIVITIES

Behind The Scenes

The new and improved **Aberjona** hit the selling stands in front of the cafeteria this year. Among its many original additions were the Student Life section and the enlarged size. Editor-in-chief Lani Yamamoto, in an effort to divert from the traditional, incorporated in school and out of school life to produce a new look. Among the varied layouts were high school jobs, the fashion of '83, favorite lunch spots and a best and worst section.

The enthusiasm generated by this talented staff was tremendous. Imagination, creativity and hard work were three major principles that kept the staff going. Under the pressure and tension of meeting deadlines, there was also a feeling of closeness and a development of friendships. In all, 1983 has been a truly outstanding year and the excellence of the **Aberjona** has paralleled this high standard of achievement.

Eyes of pride sparkled through the mirrored sunglasses of each and every marching band member this season. They were proud not only of the unified, powerful, musical sound that they produced but also of the professional way in which they presented themselves to the public. In their many public appearances, every member carried within themselves a feeling of patriotism for their high school as well as for their town. Whether the band was performing in a half-time show, a parade or an early morning practice their dedication and musical talent was evident in their high quality music and marching maneuvers never failing to keep the crowd in high spirits.

The WHS band members all share a love for music and a love for producing music together. The bonds of friendship formed between the band members are much like those in a large family. The band members value each other's talents as well as learn from one another. These values are influenced by their high-energized band conductor, Ms. Miller. Ms. Miller's high standards in her crafts of orchestrating music and of visual appeal, her humor, dedication, and love for music all blend together, creating a high school band that is definitely awesome!

Curtain & Cue Presents . . .

Curtain & Cue swung into action this year with a rouser of a play, "Ten Nights in a Barroom." This particular play was distinct from previous ones in style, so it provided a challenge for the aspiring artists. In addition, it was director Joann Stevens' last W.H.S. play, so it was an emotional time for all.

Curtain & Cue does not include just getting up the nerve to act on stage. It also includes the other, vital elements of theater: crew work, publicity, costumes, and so on. Students work together in different aspects of producing a play to get a taste of one of the oldest art forms, and to find out their potential interests or talents.

The members of the Board (at right) are: Whitney Redding, Kathy Callahan, Jane Wiseman, Jacqui Gorassi, Jocelyn Hesse, Pilar Pittas, Kevin Merritt, Tim Howard, Tom Schultz, David Donovan, Margie Johnson, and Vincent Coates.

Parliamentary Procedure

Student Union

Thanks to this year's member's dedication and willingness to work, Freshman Orientation, Class Clean-up Day, School Committee Awareness Day, the Faculty Tea, Carnation Day, and Olympic Night have been great successes. The school store is likely to become a tradition due to S.U. The group has added an Academic Committee to open communication between students and faculty. The Model Congress, Election, and the Publicity and Advertising Committees continue to do outstanding work.

S.U. sincerely thanks the administration, faculty, parents, and students for their support. Thanks also to Ms. Nancy Atkins, our energetic, patient, dedicated advisor! Best of luck to next year's Student Union.

Music, Music!

Jazz Band

Great, Fantastic and Awesome are just some of the words that come to mind when describing the WHS Stage Band of 1982-1983. The student musicians are selected by audition and through their mastery of challenging musical selections, they prove to be the "cream of the crop" of the high school music department. The Jazz Band includes an impressive rhythm section of drums, bass and electric guitar and an electric keyboard; a powerful trumpet line, a terrific trombone section and a superb saxophone section. This year the Stage Band has performed at the Jenks Center and in the Winter and Spring Concerts. The members of the band love music and performing and they surely deserve all the wild applause and standing ovations they have received in response to their performances. Thanks to the interpretations and enthusiasm of Ms. Miller, Jazz Band continues to triumph!

And More Music!

Encore, Encore!

Orchestra has come a long way in the past few years, under the direction of Mr. Mark Jacobs. This year's 24-piece group has played a very wide variety of Orchestral music, from Bach's Fugue in G Minor to the Russian Sailors' Dance. Members of Orchestra play together or in separate sections and find that playing music provides a good start for each day. Some very talented musicians play for the District Orchestra or the New England Orchestra!

Shaprut. **Middle, right:** Violinists in concert.

O.K. Chorale!

Each year, the chorus is a great crowd-pleaser in both the winter and spring concerts that the music department puts on. This year's members, under the direction of Mr. Burt Cowgill, have sung all kinds of choral work ranging from classics to pop. They will never forget: the annual chaos over selecting robes, falling off the risers, and all those warm-ups!

Picking Up Speed

Do you have to fall down physically every time you want to stop your skis from going too fast down the bunny hill? Or are you one of those "shoulda-tried-out-for-the-Olympics" types of skiers? Whether your ski experience has been broad or not, WHS Ski Club is happy to have you along on its various trips to nearby ski areas. Each winter, there are a few trips and this year's big event has been a trip to Sugarloaf for a weekend. About 30-40 students joined Mr. Miller and Ms. Canney from January 7th-9th and bussed it up to the mountain. This year's downhill adventurers will remember to stay away from hot tubs, the scarlet fever scare, and good times up and back on the bus!

Picking Up Ideas

Spanish Club

The Spanish Club has had an extra treat this year. Twelve Spanish exchange students visited Winchester in the fall. The club sponsored a square dance for these kids, who took part in inter-club activities, "chowed down" on Mexican food at Cantare's Restaurant, and went to the Whole World Celebration. Muchas gracias to our advisor, Ms. Alvarez; President Kathy Leonard, Vice-President Maria Montuori, Secretaries Tom Funk and Patty Ricciardelli, and Treasurer Kristen MacNamara.

Vol. XLIII, No. 1

Winchester High School, Winchester, MA 01890

October 1982

Candid Comments

The 1982-1983 Red and Black staff has completed another successful year. The high school newspaper has superceded its previous award-winning standards of excellence. Each department contributes something special to the paper. These departments include: news reporting, photography, structure, layouts and editorial and feature writing.

With the help of two new advisors, Marie Franklin and Jane Waldman, the Red and Black foresees an even more professional paper in the future. The seniors on the staff, by contributing their ideas, have left a lasting impression and wish future staffs the best of luck. Beware Boston Globe, you've got competition!

National Honor Society

New members of the 50-year-old National Honor Society were initiated on December 1, 1982. The theme that seemed to run throughout was the responsibility of each person to himself and to the community. Dr. Paul Rahmeier, Academic Dean of Cambridge College, gave an inspiring keynote speech reinforcing the importance of this theme. The four officers of NHS led the students in their pledge to scholarship, service, character, and leadership and the candlelight ceremony. The officers were: Stephanie Leydon, President; Lani Yamamoto, Vice-President; Hugh Murray, Secretary; and Julie O'Callaghan, Treasurer (pictured on left). Ms. Tiffany is the advisor to NHS, which this year has committed itself to promoting peer tutoring, job bank, and improved communication with the elderly.

Clockwise from top left: P. Weber, J. McGillicuddy, S. Brosnan, W. Sampson; Mr. Larocco, J. McGeehan, NHS certificate; Dr. P. Rahmeier, K. Rahmeier; Miss Tiffany.

Old Ways and New Worlds

A Unity Group

One active group this year has been the International Club, whose hope it has been to promote the interaction and unity between foreign and American students in the school. Part of their goal is to learn about various cultures, so the kids, headed by advisor Constance Trickett, took part in an International Games Day. *Vive la difference!*

Members on right include, **1st row:** S. Urano, R. Tahir, S. Shah, R. Magliozi; **2nd row:** P. Duong, K. Ferry, S. Troisi, L. Rai, F. Khagmani; **3rd row:** C. Pamir, D. O'Brien, A. Rai, P. Shah, M. Sobkowiez, F. Khagmani. **Below, left:** R. Tahir, S. Shah.

REM and READ Group

Anyone who takes Computer Science this year could identify the members of the Computer Club easily. Many times some of these members will hang outside the classroom until the bell rings, eager to try out new computer programs. This fairly new club has about 20 members and is supervised by advisor Mr. Desmond. The group participates in the American Computer Science League, a national ongoing contest. Earlier this year, they also went to see the Northeastern Computer Show at Hynes Auditorium.

Connections

Urbs and Suburbs

Roxbury tutoring is a successful program in which 21 WHS students have tutored children from Boston public schools. The High School students have commuted to Boston one day each week to share some of their knowledge with children ranging from grades K-6. They have given extra help in math and English, and have helped to build the academic confidence of the kids. Often, friendships have formed, making the program worthwhile for both parties. Much thanks to Rev. Hastie, Rev. Bishop, Mrs. Swain, and Mrs. Budd for all their time and interest!

Communications Club

The WHS Communications Club provides extra-curricular media activities for students interested in the communication field. Club members are responsible for daily newscasts on WHSR-FM, the High School radio station. They also produce public affairs talk shows and attend local seminars on the media. In November, the club provided election night coverage on WHSR. Their advisor this year is Mrs. Franklin.

At left, members include (1st row): J. Romeo, Mrs. Franklin (advisor), B. DeConto, J. DeMarco, L. Saliba, L. Della Russo; 2nd row: B. Littell, B. Miara, D. O'Brien, M. Sullivan, J. Parker; 3rd row: J. Berry, D. McCarthy, J. McKnight, J. Betz.

Audio-Visual

91.9 FM

WHSR-FM, the high school radio station began its 26th year of serving the town and the student body with music and educational material. This year's officers are Station Manager Ken Maio, Music Director Rodney Green, Educational Director Dennis McCarthy, and Recruiter Bill Littell. The enthusiasm of the outgoing seniors has left an impression on the underclassmen who are all ambitious, aspiring disc jockeys. Much thanks to advisor David Frary!

Driscoll, D. Price, M. Feeney; 3rd row: K. Maio, D. Rogers, S. Cloherty, J. Keller, J. McKnight, B. Littell, D. McCarthy, J. Nevins, G. Johnson.

Photography Club

This year a photography club has been founded! The club has been working to teach interested members how to take pictures and how to process and print their own film. The club has taken various trips to nearby museums to view photographic displays, as well as sponsored an evening exhibit of its members' works. Members have had the opportunity to use their talents by taking pictures for the *Aberjona* and the *Red and Black*.

Classics, Classics, Classics!

S.P.Q.R.

This October, the highlight of the Latin Club's annual initiation ceremony was a trip to Purity Supreme to purchase none other than prunes and toilet paper, and in togas, no less! But the club has not limited itself to crazy antics, they also took a serious interest in the Mass. State Classics Convention. "Somper ubi, sub ubi!"

At left, 1st row: M. Indigaro, R. Fiorillo, N. Rossettos (Quaestor), K. Twichell (Consul), A. Milburn (Scriba), C. Bortman (Praetor), R. Magliozzi, A. Holt; **2nd row:** K. Indigaro, J. Tobiason, R. McCarter, P. Willing, L. Rossettos, B. Casey.

Creative Writing Club

This group has pondered, dissected, and written about all kinds of themes, from romantic ones to political ones. Often, the group has then come together also to critique each others' works. The club chooses its best writing to be published in its magazine, the **Labyrinth**. They are known for their sophisticated, often humorous but always thoughtful writing.

At right, 1st row: P. Shawcross, J. Richmond (Ed.), B. Mallio (Ed. in Chief/Poetry Ed.), C. Duffy (Fiction Ed.), M. Sobkowicz; **2nd row:** J. Nevins, A. Milburn, J. Poulos, M. Stolow, J. Hesse, J. Gorrasi, B. Ahearn, S. Newberry.

L'Amour de La Langue

What can you say about a group that started out munching in a French restaurant in Boston and ended up eating in French restaurants in Montreal, itself? Good job, French Club! The roots of this ambitious group include advisors Mme. Hastings and M. Duhammel. Its officers are Jenny Poulos, Kathy Shao, Mary Boyle, Sheila Gray, and Kim Kandres!

At left, 1st row: C. Dixon, K. Grant, K. Kandres, S. Gray, L. Hasson, J. Poulos, K. Shao, J. Nevins, A. Sterling; **2nd row:** K. Yatsuhashi, J. Tobiason, C. Cortina, P. DiRocco, C. Cucinatti, B. Expanding Our Horizons

DEUTSCHVEREIN

This year was very active for us. We tried — and succeeded — in making it fun and exciting. Our thanks and appreciation go to our teacher, advisor, and friend, Frau Austin. We hope that next year's members will have as many good memories and as much fun as we did. *Tschüss!!*

1st row: K. Seiler, N. Hill, S. Austin (advisor), B. Ahearn, M. McCarthy.
2nd row: D. Rutherford, A. Cullen, D. DeWald, P. Gray, A. Craig, S. Moore, M. Gill, J. Nevins, N. Haaber.
3rd row: T. Hunter, M. Gray, K. Kirk, L. Guild (secretary), A. K. Olafsdottir (president), B. Davidson, R. Ward (vice-president), M. Wilkinson, P. Kyn, D. Donovan.
Missing: L. Weylman, L. Benson, P. Cresse, K. Brown, G. Dorsam, D. J. Hannekan, J. Lewin, P. Gray, Y. Zombeck.

A NEW CLUB!

This year marked the beginning of the W.H.S. High Adventure Club. The idea of this group came from a few kids whose interests were rooted in the great outdoors, and who were not afraid to meet challenges. Kids had fun skiing, hiking, climbing, and horseback riding. Anyone could join and participate in a new event each month. The group is looking forward to another great year of pioneering the great outdoors.

1st row: K. Shea (president), K. Kelly (secretary), K. Shoa, M. Wolsky, D. Robinson.
2nd row: G. Skinder (advisor), D. DiVencenzo, M. McCarthy (treasurer), T. Howard (vice-president), N. Hill, C. Card.

ITALIAN CLUB

This year the Italian Club had several different goals. They planned fun activities such as a hayride at Elmsbrook Farm and field trips to various Italian restaurants. As an outreach project they donated Christmas gifts to charity. The officers this year were Lisa Saliba, Joseph Berry, Debbie Catalano, and Suzanne Mahoney.

1st row: A. Benincasa, M. McCarthy, M. Celli, L. Pawlak, B. Solomon, D. Wright.
2nd row: J. Berry, A. Todisco, M. Indigaro, M. Zuccola, K. Indigaro.

... Expanding Our Minds

STUDENT SCIENTISTS

Do you know what Holography is? Ask a member of the science club! This year the science enthusiasts of our school made several models for their own scrutinization and attended lectures presented at the Science Museum in order to "learn about the practical (and impractical) uses of science." The president was Paul Shawcross and the vice-president was Mark Sobkowicz.

Kneeling: D. Rutherford, F. Khagani, J. Contonpasis, S. Newbury, P. Shawcross, M. Sobkowicz, R. Ward, A. Romero.

Standing: F. Khagani, S. Urano, Y. Zombeck.

Missing: M. O'Brien, J. Kackyonis.

PHILOSOPHY CLUB

Philosophy Club has offered an opportunity for intellectual communication for interested students. Under the guidance of Advisor Lawrence Rinaldi the club has initiated group discussions based on current, cultural, educational, social, and (of course) philosophical themes. What does all this mean? Well, on one excursion, the group dissected the deep, inner meanings of **The Wall, Pink Floyd**, for example. Afterwards, like all good philosophy students would, they hit the North End for pizza. Culture, culture!

Pictured: F. Khagani, W. McCarter, A. Milburn, J. Nevins, A. Romero, C. Duffy. **Missing:** M. Katcoff.

MATH CLUB

Whether you want to **be** a math major, or just **look** like one, this is the club for **you!** Being a member does not require calculus-level work, just interest in the logic behind the concepts that we ordinarily only memorize and often don't penetrate. This year the club promoted expansion in the use of mathematics on many levels by taking part in the Greater Boston Math League competitions.

1st row: M. Sobkowicz, W. McCarter, S. Urano.

2nd row: F. Khagani, F. Khagani, N. Rosettos, J. Contompasis.
